

Actuarial Science Program Scholarships Application Guide

Prepared by: Kevin Konop, Educational Enrichment Committee in February 2022

1. Introduction:

The Actuarial Program Scholarships are scholarships available to all UW-Madison Actuarial Club dues-paying members. This includes students who aren't in the Wisconsin School of Business and students perusing Actuarial Science with a different major. If you have not already done so, we encourage you to pay your dues by contacting our VP of Finance that can be found at https://www.actuarialclubuw.org/officers.

Applications are typically open February 1–28 for award consideration towards the next academic year. Any additional questions about the scholarship or the application can be directed to Kirk Peter (kirk.peter@wisc.edu).

The financial support these scholarships provide comes from the Actuarial Program's generous alumni and corporate partners.

2. Scholarship Requirements:

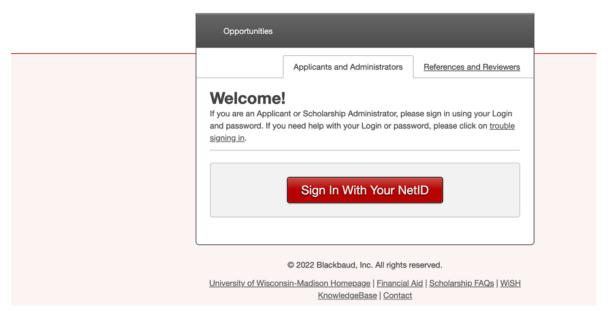

- a) Be a dues-paying member of the UW-Madison Actuarial Club & complete application(s) on time, no late applications will be accepted.
- b) Scholarships are awarded during the Risk and Insurance Department spring banquet; any scholarship recipient must participate in the banquet to accept the award. Students graduating in May 2022 are not eligible for these awards.

3. Application Process:

- a) Navigate to the link that best fits your description.
 - i) Current BBA Actuarial Science Students
 - ii) Pre-Business Applicants
 - iii) Other students pursuing Actuarial Science with a different major
- b) Follow the steps below. These steps apply specifically to current admitted BBA students. Prebusiness and non-business students will answer the same Actuarial Science Program questions through the link above that is applicable, even though the navigation to get there may be different.

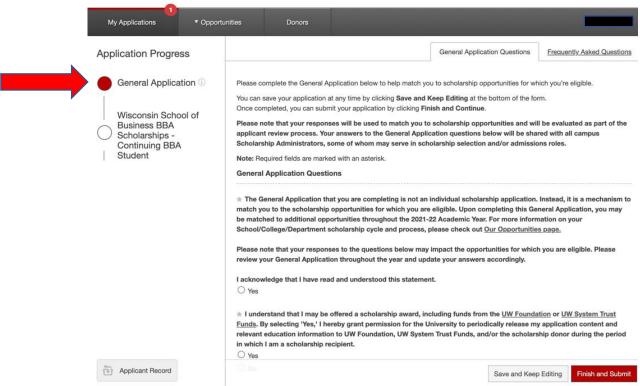

Step 1: Sign in using your NetID credentials on the WiSH Hub website (in links above). The WiSH Hub website contains UW-related scholarships, including the Actuarial Program's scholarship.

Step 2: Start your application process by filling out or updating the UW "General Application." You will not be able to fill out any additional scholarships (including the Actuarial Science Program Scholarship) without filling out this one first.

If you have already filled out this "General Application" and it is up to date, skip this step.

- a. If you haven't already filled out the "General Application," it should automatically come up on the WiSH Hub screen when you log in.
- b. Make sure to save your work regularly and click the red "Finish and Submit" when you're finished.

Step 3: You must fill out the "Wisconsin School of Business BBA Scholarships – Continuing BBA Student" application before the Actuarial Science Program Scholarship.

- a. This application is required to fill out the Actuarial Science Program Scholarship
- b. Within this application, you should state (if applicable):

Selection Criteria

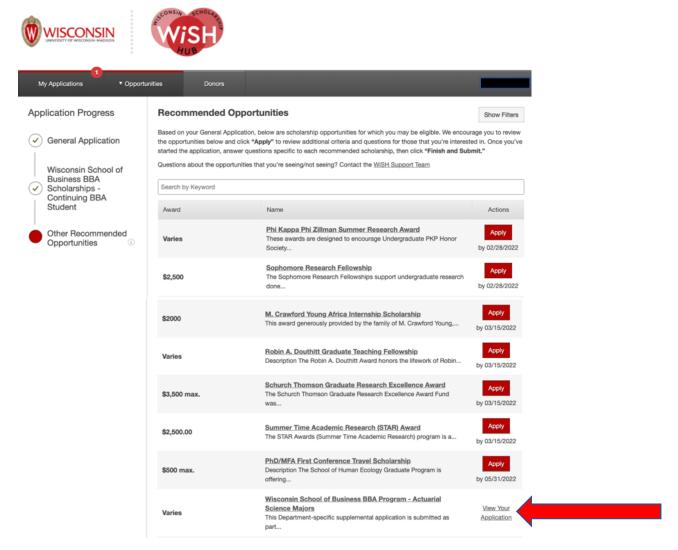

Applicant Record

- a. If there is any additional information that is not represented on the FASFA
 - i. Sometimes the FASFA data does not accurately or completely reflect your financial needs. Use this application to articulate those needs.

Accounting, Actuarial Science, Finance, Marketing, Real Estate, Risk Management & Insurance, and/or Supply Chain

Save and Keep Editing Finish and Submit

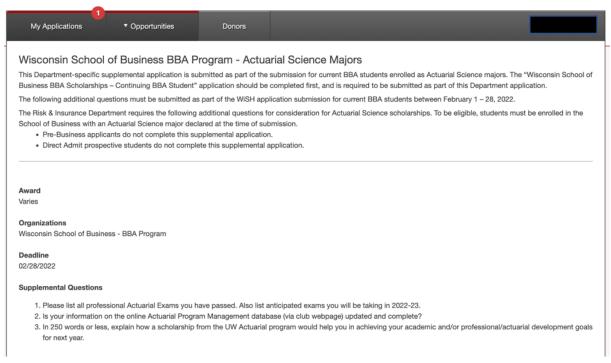

- b. If you are an active or former military member
- c. Make sure to save your work regularly and click the red "Finish and Submit" when you're finished.

Step 4: Locate the "Wisconsin School of Business BBA Program – Actuarial Science Majors" application and click the red "Apply" button next to it.

- a. If you started and saved your work for this application, you would see "Resume Application" instead of "Apply."
- b. If you submitted your application, you would see "View Your Application" instead of "Apply" (as shown in the picture, if you haven't started the application yet, yours will show a red "Apply button).

Step 5: Fill out and submit your "Wisconsin School of Business BBA Program – Actuarial Science Majors" application.

- a. The image above shows what the supplemental questions for this application will look like.
- b. Make sure to save your work regularly and click the red "Finish and Submit" when you're finished.

Step 6: Participate in the Risk and Insurance Department Banquet at the end of the Spring Semester to be eligible to receive an award.
